Community Announcements

Greetings Community Members,

We are proud of the accomplishments of both our staff and students. Throughout this newsletter, you will learn about students coming together to help make their community a better place and staff who go above and beyond to engage students in learning.

We continue to be grateful for a supportive community committed to ensuring a high quality education for all students. In June 2013, Decision Resources randomly surveyed 400 residents in our St. Anthony-New Brighton School District community to determine community members' perceptions of our school district.

Longtime Board member Dave Evans and Superintendent Robert Laney at Evans' final Board meeting on December 17, 2013.

Here's what we learned from our residents:

- *94% rated the quality of education in our district as good or excellent.
- *90% agreed or strongly agreed to the statement "I trust St. Anthony-New Brighton Public School Board and Administration to do what is right for children in this district."
- *88% agreed or strongly agreed to the statement "Our community receives a good value from its investment in local public schools."
- *92% rated the job performance of our teachers and instructional staff as good or excellent.
- *78% indicated the School District newsletter was a major or minor source of information about the schools.

- Of the residents who were surveyed,
- *66% have lived in the District for 11 or more years.
 - *49% were ages 55 and older.
 - *75% do not have school-age children living at home.

We believe a strong school district contributes to a healthy, vibrant community and realize we cannot do this work alone. The combined efforts of thousands of staff, parents, and community members make St. Anthony-New Brighton School District a special place. We recently recognized an extraordinary individual who has helped shape our School District and were honored to serve with him. Dave Evans attended his final Board meeting on December 17, 2013, after fifty years of service to the St. Anthony-New Brighton School District community as a teacher and School Board member. Dave Evans' legacy is highlighted on page two of this newsletter.

Thank you for your continued support of St. Anthony-New Brighton School District!

Dave Evans: 50 Years of Service

Dave Evans

After fifty years of service to St. Anthony-New Brighton School District, longtime resident, teacher, and School Board member Dave Evans will complete his final term on January 6, 2014. Evans was hired at St. Anthony Village High School in 1961 where he taught for 32 years and served as head wrestling and assistant football coach. In 1996, Evans joined the School Board of St. Anthony-New Brighton School District. During his tenure on the School Board, Evans utilized his experience as a teacher to help focus discussions and decisions on what is truly best for students.

Evans was formally recognized at the December 3, 2013, School Board meeting. "It was always about the students. That was your highest goal at all times: What's best for our students," said Vice Chair

Leah Slye. "Dave, you were a great teacher when I had you. You are a thoughtful and intelligent board member," shared Mike Volna, St. Anthony Village High School alumnus and Board member. Don Siggelkow, an alumnus and Board member, remarked, "You are a great teacher, a great leader. All the alumni are very thankful for you and very proud of you."

After retiring from St. Anthony Village High School in 1993, Evans continued his commitment to youth by volunteering at Wilshire Park Elementary School and joining the Golden K Kiwanis Club where he has served as President, Vice-President, and Youth Service Chair. As a former coach, Evans attends most activity and athletic events. Each month, his report at the School Board meeting focuses on particular students that he observed excelling at an activity or athletic event. Troy Urdahl, Director of Activities, Athletics, and Facilities, shared, "Dave has been a powerful voice and representative for all our activities, athletics and educational programs. As a governing board representative for the Minnesota State High School League Board, he has been one of the most visible school board members."

Evans received Northwest Youth and Family Services' 2013 Service to Youth Award, which recognizes individuals who have demonstrated outstanding service and commitment to area youth. Evans' additional recognitions include: St. Anthony Villager of the Year in 2003, North Suburban Gavel Association Award in 2000, named in Who's Who Among America's Teachers in 1992, and District wrestling coach of the year in 1979 and 1980.

Carl Nowlin Received 3M Innovative Economic Educator Award

Donald Liu, Executive Director of Minnesota Council on Economic Education, Carl Nowlin, and Susanne Lynch, a member of MCEE's Board of Directors and representative from 3M, following the award recognition on November 7, 2013.

Carl Nowlin, a second grade teacher at Wilshire Park Elementary School, received the 3M Innovative Economic Educator Award at the Minnesota Council on Economic Education's (MCEE) annual celebration on November 7, 2013. The 3M Innovative Economic Educator Award recognizes educators who create lessons that approach the teaching of economics with creativity at the elementary and secondary levels. Nowlin received the first place award in the elementary division.

A legacy of excellence

**\$100,000
Challenge Met!!**

The St. Anthony New Brighton education community met John Mondati's challenge and raised over \$100,000 for the St. Anthony New Brighton Endowment Foundation! The Endowment Foundation invited donors to a celebration on November 18, 2013, to acknowledge the \$100,000 matching grant challenge. Now, with Mr. Mondati's matching funds, the Foundation is investing \$200,000 to benefit students of School District 282. Thank you to the 104 individuals, or family units, and 10 organizations who made donations over the last three years. Those donations ranged from \$25 to \$10,000, and 47 donations were \$1,000 or more. Below is a list of donors who made contributions between November, 2012 and November, 2013.

The Foundation has begun investing the funds and is realizing a return on that investment. Prior to next school year, the Foundation Board will work with the School District to identify priorities for using some of the income to support arts and activities for students.

On behalf of the students of District 282, thank you for your generous support! This is a terrific beginning, but we have to continue to raise and invest funds in order to have a meaningful impact on programs in our schools. Please visit the Foundation Wall in the High School/Middle School Commons to see the attractive brick plates recognizing donations of \$1000 and above. Brick plates are added as donations of that level are received.

As you think about charitable giving, please consider including the St. Anthony New Brighton Endowment Foundation. You will become part of the Legacy of Excellence in District 282.

Donations can be dropped off or mailed to the District Office, 3303 33rd Avenue NE, St. Anthony, MN 55418. Please make checks payable to St. Anthony New Brighton Endowment Foundation. Thank you!

Foundation Chair Leah Slye and Sylvia Mondati, niece of John Mondati, by the Endowment Foundation Wall. At the celebration on November 18, Sylvia shared, "John believed that providing children with the tools they need when they are young was the most important investment in his portfolio."

Jenny Patrek

TIES Exceptional Teacher Award

St. Anthony Village High School math teacher Jenny Patrek was recognized as a TIES Exceptional Teacher at its Education Technology Conference on December 17, 2013. Nominated by superintendents, the Exceptional Teacher Award recognizes teachers who model best practices in their classroom and engage students in learning. Patrek was one of 91 teachers from 48 school districts to receive the award. Patrek's nomination stated, "Jenny is always looking for new tools to transform and enhance her work with students and families. Her lessons and activities motivate students at their interest and ability levels."

8th graders Blog About Books

Annie Severson, the 8th grade Language Arts teacher at St. Anthony Middle School, expects students to read at least two books every nine weeks. Students select books, read independently, and write about their reactions to the books. With a goal to engage students to write about those book selections in an authentic way, Severson applied for a SANBE grant and requested Chromebooks for use in the classroom. In the past, Severson has given this assignment and students responded by submitting a traditional paper. Now, students are reading books and writing about their reactions on the St. Anthony Book Blog, an online journal where students can submit electronic posts and comment on their classmates' writing. Severson has observed positive outcomes in student engagement as students take ownership of their blog posts. "It's not just feedback from me, but

also from their peers," said Severson. "Students get real feedback on their writing," said Dr. Corneille, Principal of St. Anthony Middle School.

Severson is implementing the Common Core Standards for Language Arts which articulate what is expected of students at each grade level. By asking students to blog about their independent reading, Severson is focusing on three areas--reading independently, purposeful writing, and digital literacy. Students are selecting, reading, understanding, and responding to the concepts in books they select, have an authentic audience for their writing, and apply their learning in a digital manner. The project allows Severson the ability to differentiate instruction and scaffold learning at different levels while students work at their own pace.

Superintendent Laney, who is pictured with Troy Ellison and Maggie Carlson, joined St. Anthony Middle School sixth graders on a field trip to Junior Achievement's BizTown, a simulated free market facility. One of only 25 markets in the world, BizTown provides students with an opportunity to apply classroom learning and interact in a simulated community and participate in a global economy.

Builders Club is Built on Service to the Community

St. Anthony Middle School's Builders Club volunteered at several events this fall. Students led games at Community Services' Early Childhood Halloween Carnival, rang bells with members of the St. Anthony Kiwanis for the Salvation Army, held a toy drive and collected 178 toys for Christmas With Dignity, helped Mrs. Smyth with a concert, volunteered at Feed My Starving Children, and made sixteen fleece blankets for R Paws. Builders Club, a service leadership program of Kiwanis International, empowers middle school students to work together with peers and take action to become leaders at school, in their community, and in the world.

Wilshire Park Designated a Reward School

The Minnesota Department of Education (MDE) recently designated Wilshire Park Elementary School a Reward School for 2013-14! Reward Schools represent the highest-performing Title I schools based on results of the Multiple Measurement Rating (MMR). As a Reward School, Wilshire Park is in the top 15 percent of Title I schools in the state. This designation reflects the gains Wilshire Park has made in proficiency, growth and reducing the achievement gap. Wilshire Park identified areas of growth and worked to address the needs of students through interventions and adjustments to curriculum.

Wilshire Park Students Host Record-Setting Food Drive

For the fifth consecutive year, Wilshire Park Elementary hosted the largest school-based food drive for Second Harvest Heartland. Organized by the Wilshire Park Parents Association, this year's record-setting event raised \$1,600 and 3,428 pounds of food, a significant increase in both cash donations and non-perishable foods. The 2012 event raised just over \$1,100 and 2,400 pounds of food.

Ms. Schauf's third grade class helped load the food donations into the truck for Second Harvest Heartland on Monday, November 25th.

St. Anthony-New Brighton School District's Preschool Rated Four Stars by Parent Aware

The preschool programs at St. Anthony Community Services were awarded a Four Star Rating by Parent Aware, a voluntary program of the Minnesota Department of Human Services and Minnesota Department of Education. To receive a rating of four-stars—the highest possible—St. Anthony Community Services demonstrated its quality early education programs and use of best practices to support school readiness. St. Anthony-New Brighton School District has a long history of providing quality early childhood programs including Early Childhood Family Education (ECFE), half day preschool, and all day preschool classes at St. Anthony Community Center. The preschool teachers at St. Anthony Community Services collaborate with kindergarten teachers to ensure children are prepared academically and socially when they begin kindergarten at Wilshire Park Elementary School. St. Anthony Community Services Preschool is the only Four Star rated program in St. Anthony. "To earn a Four Star Rating, programs are excelling in the use of best practices in preparing kids for kindergarten," as stated on the Parent Aware website.

SANBE Foundation Thanks You

SANBE (St. Anthony New Brighton Education) Foundation is dedicated to helping teachers offer creative, personalized learning experiences, like this one, to our children in all aspects of their education in District 282.

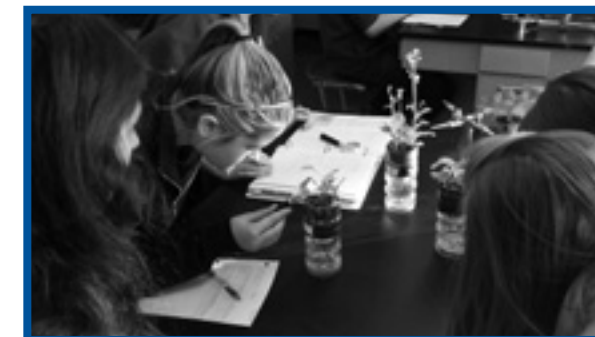

In Josh Dumas' life science class, high school students have been growing a species of a fast growing plant (Brassica rapa) that acts as a wonderful genetics investigation. Dumas applied for a SANBE grant to purchase a hydroponic genetics grow system. Cross-pollinating and careful observation and analysis have allowed the students to get a hands on, deep understanding of concepts and apply what is being taught in lectures.

As an educator in the St. Anthony-New Brighton School District, I am grateful to have the SANBE Foundation, which offers a wonderful opportunity to support student growth with materials and activities that would otherwise be inaccessible.

Thank you very much.

Safe Routes to Schools

St. Anthony Village has begun a Safe Routes to School planning process for Wilshire Park Elementary School. Safe Routes to School programs improve safety, reduce traffic, and improve air quality near schools. Rooted in the five E's—Evaluation, Engineering, Education, Encouragement, and Enforcement—Safe Routes to School offers a well-rounded approach to improving the health and well-being of children by enabling and encouraging them to walk and bike to school. St. Anthony received a MnDOT Safe Routes to School Planning grant and is working with a team of consultants. The consultants help a local Safe Routes to School team, which includes City, District, school staff, parents and students, develop a Safe Routes to School plan. The planning process will occur during the 2013-2014 school year. The plan will identify projects and programs to enhance the safety of our streets for children and families that want to walk and bike to school. To learn more about the Safe Routes to School effort, please contact city@ci.saint-anthony.mn.us.
